

**REMARKS**

The present after final amendment is in response to the Office Action dated June 20, 2005 in which the Examiner rejects claims 1-5 and 17-19, and objects to claims 6-16 and 20-31.

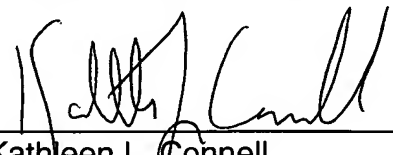

In response to the Examiners Reasons for Allowance in paragraph 4 of the Office Action, Applicant cancels claims 1-5 and 11 and amends claim 6 to be rewritten in independent form including all of the limitations of the base claim 1 and the intervening claims. Applicant cancels claim 19, and amends claim 20 to be rewritten in independent form including all the limitations of base claim 19. Rejected claims 17 and 18 are amended to depend on claim 6. Since claim 6 is considered patentable over the cited prior art, then dependent claims 17 and 18 also are patentable. Other currently amended claims are amended to correct antecedent basis errors.

Regarding the Examiner's rejection and official notice of claims 1-3, 5, 17-19 as being unpatentable over Wieczorek (US6125278) and Khan (US Publ 2004/0203831), Applicant respectfully disagrees that the claimed inventions are obvious in view of these references. Applicant reserves the right to file a continuation on the canceled claims.

Applicant asserts that the now pending claims 6-10, 12-18 and 20-31 are patentable over the cited prior art, and respectfully requests that the Examiner issue a notice of allowance for the now pending claims.

Respectfully Submitted,

Dated: December 6, 2005
